

# Curriculum Vitae

**Lars Johansson**  
cellcentric GmbH & Co. KG  
Chief Operating Officer

**Lars Johansson** is COO of the cellcentric GmbH & Co. KG. Prior to joining cellcentric, Johansson was vice president of the conventional range at Volvo Group Trucks Technology in the United States and part of the Group Trucks North America Executive Leadership Team.

Johansson joined the Volvo Group in 2002 as an engineering leader at Volvo Powertrain AB. This was followed by positions within Volvo Powertrain in Sweden and in France. He then held various management positions abroad including in India as range director value trucks, and later in the United States as the program director for a new truck platform and in parallel range director for the Mack products.
